Suffrage as a War Measure

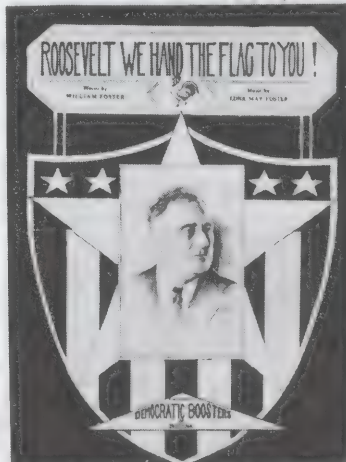

SINCE THE WAR BEGAN WOMAN SUFFRAGE HAS BEEN SWEEPING OVER THE CIVILIZED WORLD.

Women are now voters in Canada, in Russia, Norway, Finland and Denmark; they are about to become voters in Great Britain; all constitutional limitations have been removed from them in Holland; and government bills to give municipal woman suffrage are under way in France and Italy.

THE WOMEN OF NEW YORK STATE HAVE NO LESS PATRIOTISM, COURAGE OR ABILITY THAN THE WOMEN OF ENGLAND, RUSSIA OR CANADA.

THEY ASK THE MEN OF NEW YORK TO RECOGNIZE THIS AND VOTE FOR WOMAN SUFFRAGE ON ELECTION DAY.

To the 8,000,000 Working Women in the United States

Are you satisfied with your working conditions?
Are you satisfied with your living conditions?

What Is Wrong?

You want better food, better homes, better clothes.
You want shorter hours, better pay, safe and sanitary workplaces.

How Can You Get What You Want?

By UNITING, as women, to force the bosses to better your conditions.
You can do this now.

By UNITING, as women, to secure laws that will protect you.
You cannot do this now, because

YOU HAVE NO VOTE

All working people should have more power because it enables them to control the conditions under which they must live and work.
Men have no respect for women's work. They have the vote.
Women should have every respect that men have, but more than that they have the right!

DEMAND VOTES FOR WOMEN!

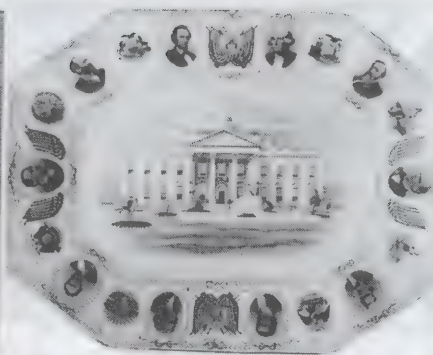

MAKE WORKING MEN DEMAND VOTES FOR WORKING WOMEN!

JUSTICE **EQUALITY**

Why Women Want to Vote.

WOMEN ARE CITIZENS.

AND WISH TO DO THEIR CIVIC DUTY.

WORKING WOMEN need the ballot to regulate conditions under which they work.
Do not suppose that they can protect themselves without the right to vote!

HOMOSEXUALS need the ballot to regulate the industry conditions under which they perform their duties.

WOMEN need the ballot to regulate the industry conditions under which they perform their duties.

MOTHERS need the ballot to regulate the industry conditions under which their children must be brought up.

DO MEN wish they can fight against various conditions that are threatening their children's future?

TEACHERS need the ballot to secure just wages and to influence the management of the schools.

DO MEN wish they could secure better school conditions without a vote to elect the State who manages the Board of Education?

BUSINESS WOMEN need the ballot to secure for themselves a fair opportunity in the market.

DO WOMEN wish they could protect themselves against adverse legislation without the right to vote?

TAX PAYING WOMEN need the ballot to protect their property.

DO MEN wish they could protect their property?

ALL WOMEN need the ballot because they are discriminated against with men in good and bad government, and equally responsible for their citizenship.

ALL MEN need women's help to build a better and juster government, and

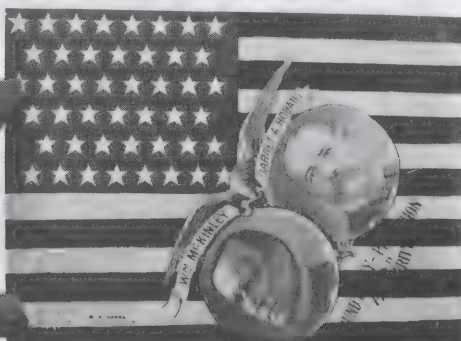

WOMEN need MEN to help them secure their right to full citizenship.

W. E. HEARST IN 1898

Contrasted with his present narrow and enforced doctrines as President of the National Organization of Democratic Clubs.

WE APPEAL FROM
Hearst Drunk in 1900 to Hearst Sober in 1898

Read what the owner and editor of the San Francisco Examiner had to say about the Nation's obligations in the Philippines before he was bound and gagged by the Bryan party:

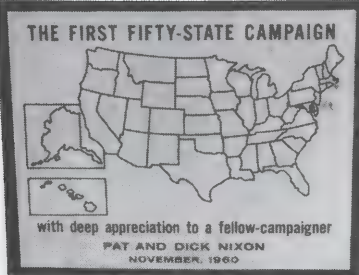

The San Francisco Examiner, in its issue of the 10th of March, 1898, published the following editorial, which was written by the owner and editor of the paper, Mr. William Randolph Hearst, and which was signed by him as 'The Examiner'.

And me you may say "wings" and
I need not be able
When such a number of birds there
and their unhappily fate.
If sometimes they met there in
company all together
Their glens & woods made glittering show
But their love scheme was nuptial
Innocence you dogs a hare
Where you there? Another say
I mean & sympathize for them
I weep this very day

What shall we say to this "and all
